Document Version History

Document	Runner	Test	Date	Comment	Author/Editor
1.0.0	1.0.0	1.0.0	2026-06-11	Initial version.	Paul Sinclair

- The **Document** column records the document's version.
- The **Runner** column records the Runner API version current at the time this version of the document was published.
- The **Test** column records the Test API version current at the time this version of the document was published.

A version has the format `M.m.p` (Major, minor, patch) where `M` is the major version, `m` is the minor version, and `p` is the patch version. `p` increments when the document is updated without a change to `M` or `m`, and resets to 0 when `M` or `m` increases. The first table entry is the most recent version for this document at the time this document was published.
